Dear Mrs. Luke:

My name is Dr. Green in Heber City.

Your late husband and I shared a common interest in history.

Now, I am assembling a survey of older buildings in Heber and recently I found a picture of the old John Henry Luke home of Heber which later became the office of the Hilton Motel.

To make this study complete I found a family group sheet on him and his family, and would like to find a picture of John Henry and Cynthia Sophie Clyde Luke.

If you have a picture or pictures of them, could I ask to borrow it or them and copy them? I would send them back promptly. It takes two weeks to process them.

Thank you for your consideration.

Sincerely,

RR Green MD

My dear Sir,

I have received your letter of the 5th inst.

and am glad to hear that you are interested in the subject.

Now, as a matter of fact, it is not at all a new thing, but has been known for a long time. I have seen many specimens of it in the collection of the British Museum.

To make sure, I have sent you a small quantity of the same, and I hope you will find it of interest.

I am sure you will find it of interest, and I am sure you will find it of interest.

I am, Sir, very respectfully,
Yours truly,
J. E. Smith

Enclosed are two small boxes, one containing the same as above, and the other containing a small quantity of the same.

Very truly,
J. E. Smith
